this soundtrack contains 13 song in mp3 format. they are located in your steam Directory in the steamapps\common\cities in motion 2\CIM2 soundtrack.

Don't make the mistake of thinking that you are adding new music to the game, you are not. I can't think of why you would download this sound track, unless your a die-hard CIM2 fan or if your thinking on modifying the music files. it's a bad sound track but if you play the game long enough, it gets old after awhile. once again this is now new music for the game.

I'm giving this addon a negative recomendation but you don't really need it.. This Soundtrack contains 13 songs in mp3 format.
